PROFESSIONAL SUMMARY

Recent B.Tech graduate in Computer Engineering from MIT Academy of Engineering, Pune. Strong foundation in Artificial Intelligence, Machine Learning, and Data Science. Published research papers in the AI/ML domain. Passionate about solving real-world problems using AI/ML with a mindset of continuous learning and growth.

RESEARCH & PUBLICATIONS

Multiple Face Recognition Using Genetic Algorithm

- Published in SPU-JSTMR Journal — Special Edition ICAICS 2026, Sankalchand Patel University, DOI Link: https://doi.org/10.63766/spujstmr.26.000067
- Presented at ICAICS-2026 — International Conference on AI & Cybersecurity, 6–7 March 2026.
- Co-authored with Rajeev Patil, Ankit Kumar, Abhijeet Gite under the mentorship of Dr. Vijaykumar P. Mantri.
    - Applied a Genetic Algorithm for feature selection in multi-face recognition with applications in biometric authentication and surveillance systems.

Literature Survey on Comparative Analysis of Machine Learning Techniques

- Published in IJRASET Journal, Volume 14, Issue III, March 2026 | ISRA Impact Factor: 7.429 | Index Copernicus: 45.98 |DOI Link: https://doi.org/10.22214/ijraset.2026.78256
- Comparative analysis of 8 ML models (Linear Regression, Naive Bayes, KNN, Logistic Regression, XGBoost, SVM, Random Forest, Decision Tree) for Student Academic Performance Prediction.
    - Decision Tree achieved the highest performance, with 99.75% accuracy and an F1-Score of 99.69%.

PROJECTS

Multiple Face Recognition Using Genetic Algorithm — Major Project

- Built a face recognition system using a Genetic Algorithm for optimized feature selection and recognition of multiple faces simultaneously.

Literature Survey on Comparative Analysis of Machine Learning Techniques — Capstone Project

- Designed and implemented a pipeline to train, evaluate and compare 8 supervised ML models on a student dataset.
- Performed data preprocessing: missing value handling, feature normalization, categorical encoding, and train-test split.
- Evaluated the model on accuracy, precision, recall and F1-Score; presented the project research paper at MITAOE Project Design Expo 2026.

SKILLS

Languages: Python, C/C++

AI/ML Libraries: NumPy, Pandas, Scikit-learn, TensorFlow, Keras, Matplotlib, Seaborn

Tools & Platforms: Git & GitHub, VS Code, Google Colab, Power BI, Tableau, Jupyter Notebook

Concepts: Machine Learning, Deep Learning, Data Analysis, Genetic Algorithm, Feature Selection, Model Evaluation

CERTIFICATIONS & WORKSHOPS

- AWS Certified Cloud Practitioner (7 May 2026)
- GenAI Launchpad: From Beginner to Builder — Innomatics Research Labs (12–13 June 2026)

EDUCATION

MIT Academy of Engineering, Pune, *B.Tech — Computer Engineering*

CGPA: 7.91/10 (71.6%) 2022 – 2026

Affiliated to Savitribai Phule Pune University

Namorims Junior College, HSC — (12th grade) 2022

Percentage: 67.17%

Rewachand Bhojwani Academy, SSC — (10th grade)

Percentage: 90.60% 2020

ACHIEVEMENTS

- Presented a research paper virtually at ICAICS-2026 International Conference, Sankalchand Patel University, Visnagar, Gujarat.
- Published two research papers in a peer-reviewed journal (SPU-JSTMR) and a Google Scholar-indexed journal (IJRASET).
- Presented a research paper at MITAOE Project Expo 2026 under the Research Project outcome category.
