OM ASHOK DEOKAR

B.Tech. - Computer Engineering

Ph: +91-7020590021

Email: om.deokar@mitaoe.ac.in

Pune, Maharashtra, India - 411006

LinkedIn: https://www.linkedin.com/in/omdeokar/

PROFESSIONAL SUMMARY

I am a Final-year BTech Computer Engineering student specializing in Artificial Intelligence, Machine Learning, and Data Science, with hands-on experience in Python, computer vision, and data analytics. Experienced in developing and analyzing real-world applications, including face recognition systems and customer churn analysis, using machine learning and statistical techniques. Seeking an AI/ML or Data Science internship to apply strong analytical and problem-solving skills in production-level, data-driven environments.

KEY EXPERTISE

AI | Machine Learning | Data Science | Python | Data Processing

EDUCATION

MIT Academy of Engineering, Pune — 2022 - 2026

B.Tech. - Computer Engineering | CGPA: **7.58** / **10**

MIT Academy of Engineering, Pune

BTECH | CGPA : **7.58** / **10**

Namorims Junior College, Pune — 2022

12th | HSC | Percentage: **67.17** / **100**

Rewachand Bhojwani Academy, Pune City — 2020

10th | SSC | Percentage: **90.60** / **100**

AWARDS AND SCHOLARSHIPS

- Certificates in college competitions
- Badges for online course completions

PROFESSIONAL EXPERIENCE

MyJobGrow | Technology | Information Technology — 16 Jan, 2024 - 18 Dec, 2024

AIML Intern

Key Skills: AI | Machine Learning | Computer Vision | Data Processing | Python

Virtual AI/ML internship at My Job Grow, where I worked with a team on an AI-enabled camera system for real-time attendance monitoring. Gained hands-on experience in computer vision–based face detection and recognition, image preprocessing, and integrating AI outputs into automated workflows, while analyzing performance factors such as accuracy and real-time inference constraints.

INTERNSHIPS

Zaalima Development | Marketing / Lead Management / Data Solutions — 26 Jun, 2025 - 26 Aug, 2025

Data Analyst

Key Skills: Data Analytics | Data Visualization | Python | Statistical Data Analysis | Data Cleaning

This was a data analytics internship at Zaalima Development, where I worked on customer churn analysis in the telecom domain. My responsibilities included data collection, cleaning, and preprocessing; performing exploratory data analysis using Python; and applying statistical methods. I also created data visualizations to communicate customer behavior and churn trends.

MyJobGrow | Technology — 03 Sep, 2024 - 03 Nov, 2024

AIML Intern

Key Skills: Machine Learning | AI | Computer Vision | Data Processing | Python

This was a virtual internship at MyJobGrow, an organization specializing in Artificial Intelligence and Machine Learning solutions. During the internship, I collaborated with a team on an AI-enabled camera system for real-time attendance monitoring. My work involved applying computer vision techniques for face detection and recognition from live video streams, preprocessing image data, and integrating AI outputs into an automated attendance workflow.

PROJECTS

Marathi Barakhadi App For Educational Purpose

28 Aug, 2023 - 15 Dec, 2025

Mentor: Dr.Madhvi Nimkar | **Team Size:** 4

Key Skills: App Development | UI Development | UX Design | Visualization

Developing an app for school-going children to learn Marathi language. The app contains various modules for teaching and learning purpose.

Multiple Face Recognition Using Genetic Algorithm

06 Aug, 2024 - 12 May, 2025

Mentor: Mr.Vijaykumar P Mantri | **Team Size:** 4

Key Skills: UI Development | UX Design | Machine Learning | Feature Extraction | Feature Selection | Genetic Algorithms

The project was about implementing genetic algorithm for face recognition to optimize recognition accuracy, speed and quality. A face recognition app was developed using dart and Javascript for the frontend and python for the backend.

PUBLICATIONS / RESEARCH / WHITE PAPERS

Multiple Face Recognition Using Genetic Algorithm

03 Apr, 2026

Academic | Sankalchand Patel University - Journal of Science,Technology and Management Research (SPU-JSTMR) | **Mentor:** Dr. Vijaykumar P. Mantri | **No. of Authors:** 5

Key Skills: Genetic Algorithms | AIML | Deep Learning | Machine Learning | Data Analysis

The paper describes the implementation of an existing Genetic Algorithm–based method for multiple face recognition.Facial features are extracted using standard techniques and optimized using a GA by representing feature subsets as chromosomes.The implemented genetic algorithm improved the recognition accuracy and reduced the computational overhead.

Literature Survey on Comparative Analysis of Machine Learning Techniques

17 Mar, 2026

Academic | International Journal for Research in Applied Science and Engineering Technology (IJRASET) | **Mentor:** Dr. Vijaykumar P. Mantri | **No. of Authors:** 2

Key Skills: Machine Learning | Data Analysis | Research | Python | Paperwork

The paper published include a comparative analysis of machine learning techniques based on performnace metrics like accuracy,precision,recall and F1-Score.Eight ML models were trained and tested on a common dataset to analyze their working and outputs.

ACHIEVEMENTS

- Graded certifications in tech domains
- Internship in technical projects
- Academic Projects

ASSESSMENTS / CERTIFICATIONS

Om Ashok Deokar

23 May, 2025

Aggregate: 58 / 100
Subjects: Cloud (58 / 100)

Key Skills: Cloud Computing

Cloud Computing graded certification through the SWAYAM NPTEL platform.

Claude 101

AI Fluency Frameworks & Foundations

AI Fluency for Students

AI Fluency for nonprofits

Claude Code in Action

Introsuction to agent skills

Building with the Claude API

Introduction to Model Context Protocol

Model Context Protocol Advanced Topics

Claude With Amazon Bedrock

Claude with Google Cloud's Vertex AI

POSITIONS OF RESPONSIBILITY

Project Member
Project Leader in:
Major project - Face Recognition using Genetic Algorithm.
Minor Project - Marathi Barakhadi App For School Going Children
and other academic projects

SEMINARS / TRAININGS / WORKSHOPS

None **Institute Name:** None

CO-CURRICULAR ACTIVITIES

- Contributuion to Ajaanvriksha content creation

EXTRA CURRICULAR ACTIVITIES

- Contribution to Aero Club activities and Ajan Vriksha college magazine
- Participation in quizzes and competitions

PERSONAL INTERESTS / HOBBIES

- Playing and watching Cricket
- Travelling
- Gardening
- Reading
