Pune, Maharashtra

PROFESSIONAL SUMMARY

I am a recent B.Tech graduate in Computer Engineering from MIT Academy of Engineering, Pune. I have a strong foundation in Artificial Intelligence, Machine Learning and Data Science. I have published research papers in AI/ML domain. I am passionate about solving real-world problems using AI/ML with a mindset of continuous learning and growth.

RESEARCH & PUBLICATIONS

Multiple Face Recognition Using Genetic Algorithm

- Published in SPU-JSTMR Journal — Special Edition ICAICS 2026, Sankalchand Patel University, DOI Link: <https://doi.org/10.63766/spujstmr.26.000067>
- Presented at ICAICS-2026 — International Conference on AI & Cybersecurity, 6th–7th March 2026
- Co-authored with Rajeev Patil, Ankit Kumar, Abhijeet Gite under mentorship of Dr. Vijaykumar P. Mantri
 - Applied Genetic Algorithm for feature selection in multi-face recognition with applications in biometric authentication and surveillance systems

Literature Survey on Comparative Analysis of Machine Learning Techniques

- Published in IJRASET Journal, Volume 14, Issue III, March 2026 | ISRA Impact Factor: 7.429 | Index Copernicus: 45.98 | DOI Link: <https://doi.org/10.22214/ijraset.2026.78256>
- Comparative analysis of 7 ML models (Linear Regression, Naive Bayes, KNN, Logistic Regression, XGBoost, SVM, Random Forest, Decision Tree) for Student Academic Performance Prediction
 - Decision Tree achieved highest performance with 99.75% accuracy and 99.69 F1-Score across all evaluation metrics

PROJECTS

Multiple Face Recognition Using Genetic Algorithm — Major Project

- Built a face recognition system using Genetic Algorithm for optimized feature selection and recognition of multiple faces simultaneously.
- Evaluated model on accuracy, precision, recall and F1-Score; showcased at MITAOE Project Expo 2026.

ML Techniques Comparative Study — Capstone Project

- Designed and implemented a pipeline to train, evaluate and compare 7 supervised ML models on student dataset.
- Performed data preprocessing: missing value handling, feature normalization, categorical encoding and train-test split.

SKILLS

Languages: Python, C/C++

AI/ML Libraries: NumPy, Pandas, Scikit-learn, TensorFlow, Keras, Matplotlib, Seaborn

Tools & IDEs: Git & GitHub, VS Code, Google Colab, Power BI, Tableau, Jupyter Notebook

Concepts: Machine Learning, Deep Learning, Data Analysis, Genetic Algorithm, Feature Selection, Model Evaluation

CERTIFICATIONS & WORKSHOPS

- AWS Certified Cloud Practitioner (7th May, 2026)
- GenAI Launchpad: From Beginner to Builder — Innomatics Research Labs (12th–13th June 2026)

EDUCATION

MIT Academy of Engineering, Pune, B.Tech — Computer Engineering

CGPA : 7.91/10 (71.6%)

2022 – 2026

Affiliated to Savitribai Phule Pune University

ACHIEVEMENTS

- Presented research paper virtually at ICAICS-2026 International Conference, Sankalchand Patel University, Visnagar, Gujarat.
- Published two research papers in peer-reviewed journals (IJRASET & SPU-JSTMR).
- Showcased ML project at MITAOE Project Expo 2026 under Research Project with outcome category.
